Solid Surfaces

Express Range

The Hanex® Solid Surface Express Range offers 11 of the most popular decors, all in stock at Lawcris and ready for selection.

Hanex® Solid Surface is durable and free from silica, ensuring safe handling for fabricators. It also allows seamless jointing and supports 2D and 3D thermoforming for endless design possibilities.

Its non-porous, easy-to-clean surface makes it an ideal choice for healthcare, hospitality, offices, food preparation, public buildings, and educational settings.

Sheet size: 3680mm x 760mm x 12mm
